12 - Comment on the quality of instruction in this course.

Response Rate	8/37 (21.62%)

- Nathalie was great. She was quick to help anyone if they needed it. She is very smart and helpful. Overall, she fulfilled her role as a TA.

- Very good TA paired well with Professor Ghani

- very friendly and approachable

- helped me

- They did a good job answering questions and be available during the labs. They made the course as easy and accessible as possible.

- She was good, wasn't too helpful when it came to questions.

- great

- Good. I would like if the TA knew the lab questions beforehand instead of trying to work through it in the moment, but overall helpful.
